PROFESSIONAL EXPERIENCE

Contract

Full Stack Developer

April 2022 – present

- Developed and deployed a web application leveraging the Next.js/React framework, ensuring a responsive and user-friendly experience.
- Managed server-side operations across various platforms including Azure, AWS, and Firebase, integrating multiple database structures such as MongoDB, Prisma, and SQL to optimize data management.
- Executed front-end development with proficiency in TypeScript, JavaScript, HTML, CSS, and PHP, contributing to the creation and maintenance of dynamic websites.

North Dakota Securities Department

Fintech Analyst

August 2020 – June 2024

- Overhaul and update of departmental websites to enhance user accessibility and information dissemination.
- Maintain meticulous records of analytical data, ensuring accuracy and reliability in reporting.
- Develop and deliver comprehensive reports and presentations to communicate key findings to stakeholders.
- Implement strict information confidentiality protocols to safeguard operational integrity.

University of Oregon – Men's Hockey Program

Head Coach

September 2022 – April 2023

- Fostered a collaborative environment, mediating between various stakeholders to maintain team cohesion and support organizational objectives.
- Coordinated logistics, including roster management, scheduling, and travel, streamlining operations for athlete efficiency.
- Oversaw a team of assistant coaches, providing guidance to uphold high standards of coaching and player development.
- Devised and executed strategic practice plans, contributing to enhanced team performance and resilience through challenging circumstances.
